SECTION 13. The Contractor will be required to indemnify, keep and save harmless the Owner and his officers and agents from all liabilities, judgments, costs, damages, or claims for damages which may arise from the infringement of any letter patented, patent rights, or royalty due on the same by reason of the use of any patented materials, machinery, devices, and equipment furnished or used in the performance of the work under this Contract, or by reason of the use of patented designs furnished and incorporated into the work by the Contractor and accepted by the Owner, excepting equipment furnished by the Owner.

In the event that any claim, suitor action at law, or equity of any kind whatsoever is made or brought against the Owner involving any such patents, then the Owner shall have the right to retain from the money due and/or to become due to the Contractor, a sufficient amount of money as shall be considered necessary by the Legal Advisor of the Owner, to protect Owner against loss until such claim, suit, or action shall have been settled and evidence to the effect shall have been furnished to the satisfaction of the said Legal Advisor.

In case the Contractor should assign all or any part of moneys due and/or to become due under the Contract, the instrument of assignment shall contain a clause substantially to the effect that it is agreed that the right of assignee in and to any moneys due and/or to become due to the Contractor shall be subject to prior liens of all persons, firms, and corporations for services rendered or materials supplied for the performance of the work called for in these Contract Documents.

Mutual Responsibility of Contractor

SECTION 16. If, through acts of neglect on the part of the Contractor, any other Contractor or any subcontractor suffers loss or damage on the work, the Contractor agrees to settle with such other Contractor or subcontractor by agreement or arbitration, if such other Contractor or subcontractor will so settle. However, if such other Contractor or subcontractor should assert claim against the Owner on account of any damage alleged to have been so sustained, the Owner shall notify the Contractor in writing, and the Contractor hereby indemnifies and saves harmless the Owner against any such claims.

Supervision of the Work by Contractor

SECTION 17. The Contractor shall personally supervise the work or furnish at all times a duly authorized representative, who shall receive and execute all orders given by the Superintendent. Such orders so given to and received by said representative shall be deemed to have been given to and received by the Contractor.

Supervisory personnel must be available locally, twenty-four (24) hours a day, seven (7) days a week, until the term of this Contract has expired.

Control of Work by Owner

SECTION 18. The Owner will control the work under this Contract through the Superintendent or his duly appointed representative.

The Contractor shall at all times provide to the Superintendent any papers, receipts, or work orders pertaining to work under this Contract, showing that such work is being performed and is being done strictly in accordance with specifications. The Superintendent, or his authorized representative, shall in all cases determine the amount, quality, acceptability, and fitness of the kinds of work and materials which are used under terms of this Contract. He shall also determine all questions in relation to said work and the performance thereof and decide every question which may arise relative to the fulfillment of this Contract on the part of the Contractor.

The Superintendent, or his authorized representative, reserves the right to inspect the materials furnished and work done under this Contract. He is also hereby empowered to reject and refuse all work and materials and the method of application of any part thereof that does not comply in any manner with specifications or drawings. The inspection approval, or acceptance of any part of the work herein contracted for, or the materials used therein, or any payment on account thereof, shall not prevent the rejection of said work or materials at any time thereafter, during the existence of this Contract, should said work or materials be found not in accordance with this Contract.

The absence of the Superintendent or his duly authorized representative from the site of the work for any reason whatsoever does not relieve the Contractor from his responsibility for compliance with all terms of these specifications and Contract obligations.

Should defective work or materials be suspected, the Contractor shall make available the finished work for the purpose of examination as the Superintendent or his authorized representative designates. Should the work prove unsatisfactory, the Contractor will take immediate action to correct the work to the satisfaction of the Owner.

If the Contractor neglects or refuses to correct the work within three (3) business days of notification of said defective workmanship and/or materials, the Superintendent may correct or cause same to be corrected and satisfactorily completed by Contract or otherwise as he may deem expedient, and charge the expense thereof to the Contractor. The expense so charged will be deducted and paid by the Owner out of such moneys as are due or may become due under this Contract, or if such moneys are not sufficient to meet said expense, the additional moneys shall be furnished by the Contractor, and if he refuses or neglects to provide the necessary moneys, they shall be provided by Contractor's insurance.

If in the opinion of the Superintendent, or his designated representative, an emergency arises that jeopardizes continuity of service and/or public health, welfare, or safety, and the Contractor is unable to remedy the situation at the time it exists, the Owner reserves the right to immediately take steps to have the situation remedied and the Contractor shall be liable for all expenses incurred in making these repairs. Notice of such action to Contractor will not be required when such an emergency exists.

Changes in Work

SECTION 19. The Owner reserves the right to make changes in equipment and specifications for the duration of this Contract. The Superintendent shall notify the Contractor in writing about all changes in equipment and specifications.

Payments to Contractor

SECTION 20. The Owner will make payments to Contractor based on the amount specified in the Contract Documents on a monthly basis. Said Contractor will furnish to the Owner a written invoice, mailed or delivered to Owner on a monthly basis, requesting payment for the contracted service. The monthly payment invoices does not waive the right of the Owner to require the fulfillment of the terms of the Contract Documents.

Owner's Right to Withhold Certain Amounts And Make Applicable Thereof

SECTION 21. The Contractor may be required by the Owner to furnish from time to time satisfactory evidence that all persons who have done work or furnished materials under this Contract, or who may have suffered and claimed damage on account of the Contractor's operations, have been fully paid or secured, and in case such evidence is not furnished as aforesaid, the Owner may withhold sufficient amount of any payment otherwise due to the Contractor to cover:

- A. Payments that may be past due or payable for just claims for labor or materials furnished in and about the performance of the work or for damages sustained under this Contract;
- B. Defective work not remedied as hereinbefore provided; and
- C. Failure of the Contractor to make proper payments to subcontractors.

The Owner shall have the right to act as an agent for the Contractor in disbursing such funds as have been withheld pursuant to this paragraph to the party or parties who are entitled to payment therefrom; and the Owner will render to the Contractor a proper accounting of all such funds disbursed on behalf of the Contractor, but it shall be understood and agreed that the Owner thereby assumes no obligations toward any claimant under this provision.

It is mutually agreed by and between the parties hereto that if the Contractor shall fail to carry out the work in accordance with these Contract Documents, the Owner may retain from the moneys that are, or which may become due said Contractor, the Owner's estimated cost of completion of the work.

The Right of Owner to Terminate Contract

SECTION 22. In the event that any of the provisions of these Contract Documents are violated by the Contractor or any of his subcontractors, the Owner may serve written notice upon the Contractor of Owner's intent to terminate such Contract, such notice to contain the reasons for such intention to terminate the Contract, and unless within ten (10) business days after the serving of such notice upon the Contractor, such violation shall cease and satisfactory arrangements for corrections be made, the Contract shall, upon the expiration of said ten (10) business

days, cease and terminate. In the event of any termination, the Owner shall immediately serve notice thereof upon the Contractor. The Owner may take over the work and prosecute same to completion by contract for the amount and at the expense of the Contractor, and the Contractor shall be liable to the Owner for any excess cost occasioned the Owner thereby, and in such event the Owner may take possession of and utilize in completing the work, such materials and appliances as may be on the site of the work and necessary therefore.

Other Contracts

SECTION 23. The Owner reserves the right to allow other work or to enter into other Contracts for work or materials to be constructed or placed in or about the work herein described, and to order the start and progress of such other Contracts at any time prior to the completion of this Contract. The Contractor for the work herein described agrees to allow the construction of or progress of the work under such other Contracts, under such arrangements for joint occupation of the site of the work as the Superintendent may approve. The Contractor hereby waives any claim for damages or extra compensation by reason of any real or supposed interference with the Contractor's work; but, if in the judgment of the Superintendent the joint occupation of the site of the work by two (2) or more Contractor's working on different Contracts at the same time actually impeded progress of the work herein described, then, with the approval of the Owner, the specifications for completion of the work may be altered.

Suspension of Work

SECTION 24. The Owner reserves the right to suspend the whole or any part of the work to be done hereunder if work is not proceeding in accordance with the Contract Documents, without compensation to the Contractor for such suspension. The Superintendent shall issue such suspension in the form of a written "Stop Order."

No Waiver of Contract

SECTION 25. Neither an extension of time for any reason beyond the terms of the Contract Documents, nor the acceptance of the whole or any part of the work by the Superintendent, shall be deemed to be a waiver by the Owner of the right to abrogate this Contract for abandonment or delay in the manner therein provided.

Delays

SECTION 26. The right of the Contractor to proceed shall not be terminated or the Contractor charged with liquidated damages because of any delays in the completion of the work due to unforeseeable causes beyond the control and without the fault of negligence of the contractor, including, but not restricted to acts of God, or the public enemy, acts of the Owner, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather or delays of subcontractors due to such causes, if the Contractor shall, within ten (10) business days from the beginning of such delay, notify the Owner in writing of the causes of

delay, who shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in its judgment, the findings of fact justify such an extension, and its findings of fact thereon shall be final and conclusive to the parties thereto.

No Estoppel

SECTION 27. Neither the Owner nor his appointee shall be precluded or estopped by any return or certificate made or given by the Owner or his appointee under any provisions of this Contract, at any time (before the expiration of this Contract) showing the true and correct amount and character of the work done and materials furnished by the Contractor or any other person under this Contract, or that any such return or certificate is untrue and incorrect or improperly made in any particular, or that the work and materials, or any part thereof, do not conform to the Contract Documents, and the Owner shall not be precluded or estopped, notwithstanding any such return or certificate and payment in accordance therewith, from demanding and recovering from the Contractor any damages which may be sustained by reason of his failure to comply with the Contract Documents.

Prevailing Wage Determination Cover Letter

County: MONTGOMERY ✓
Determination 05/24/2022
Date:
Expiration Date: 08/24/2022

THE FOLLOWING PAGES ARE PREVAILING RATES OF WAGES ON PUBLIC IMPROVEMENTS FAIRLY ESTIMATED TO BE MORE THAN THE AMOUNT IN O.R.C. SEC. 4115.03 (b) (1) or (2), AS APPLICABLE.

Section 4115.05 provides, in part: "Where contracts are not awarded or construction undertaken within ninety days from the date of the establishment of the prevailing wages, there shall be a redetermination of the prevailing rate of wages before the contract is awarded." The expiration date of this wage schedule is listed above for your convenience only. This wage determination is not intended as a blanket determination to be used for all projects during this period without prior approval of this Department.

Section 4115.04, Ohio Revised Code provides, in part: "Such schedule of wages shall be attached to and made a part of the specifications for the work, and shall be printed on the bidding blanks where the work is done by contract..."

The contract between the letting authority and the successful bidder shall contain a statement requiring that mechanics and laborers be paid a prevailing rate of wage as required in Section 4115.06, Ohio Revised Code.

The contractor or subcontractor is required to file with the contracting public authority upon completion of the project and prior to final payment therefore an affidavit stating that he has fully complied with Chapter 4115 of the Ohio Revised Code.

The wage rates contained in this schedule are the "Prevailing Wages" as defined by Section 4115.03, Ohio Revised Code (the basic hourly rates plus certain fringe benefits). These rates and fringes shall be a minimum to be paid under a contract regulated by Chapter 4115 of the Ohio Revised Code by contractors and subcontractors. The prevailing wage rates contained in this schedule include the effective dates and wage rates currently on file. In cases where future effective dates are not included in this schedule, modifications to the wage schedule will be furnished to the Prevailing Wage Coordinator appointed by the public authority as soon as prevailing wage rates increases are received by this office.

"There shall be posted in a prominent and accessible place on the site of work a legible statement of the Schedule of Wage Rates specified in the contract to the various classifications of laborers, workmen, and mechanics employed, said statement to remain posted during the life of such contract." Section 4115.07, Ohio Revised Code.

Apprentices will be permitted to work only under a bona fide apprenticeship program if such program exists and if such program is registered with the Ohio Apprenticeship Council.

Section 4115.071 provides that no later than ten days before the first payment of wages is due to any employee of any contractor or subcontractor working on a contract regulated by Chapter 4115, Ohio Revised Code, the contracting public authority shall appoint one of his own employees to act as the prevailing wage coordinator for said contract. The duties of the prevailing wage coordinator are outlined in Section 4115.071 of the Ohio Revised Code.

Section 4115.05 provides for an escalator in the prevailing wage rate. Each time a new rate is established, that rate is required to be paid on all ongoing public improvement projects.

A further requirement of Section 4115.05 of the Ohio Revised Code is: "On the occasion of the first pay date under a contract, the contractor shall furnish each employee not covered by a collective bargaining agreement or understanding between employers and bona fide organizations of Labor with individual written notification of the job classification to which the employee is assigned, the prevailing wage determined to be applicable to that classification, separated into the hourly rate of pay and the fringe payments, and the identity of the prevailing wage Coordinator appointed by the public authority. The contractor or subcontractor shall furnish the same notification to each affected employee every time the job classification of the employee is changed."

Work performed in connection with the installation of modular furniture may be subject to prevailing wage.

THIS PACKET IS NOT TO BE SEPARATED BUT IS TO REMAIN COMPLETE AS IT IS SUBMITTED TO YOU. (Reference guidelines and forms are included in this packet to be helpful in the compliance of the Prevailing Wage law.)
